2018 WINTER Show

This is a real poultry show, NOT a cute picture contest!

Show Rules:

- Entries are accepted from mid Jan 2018 to Feb 2nd, 2018 (11:59pm). Judging will take place shortly thereafter. modern17 is our judge, he will review them as quickly as possible.
- We have classes for Chicken - Large Fowl, Chicken - Bantam,Turkey, Guinea, Duck and Goose.
- Only one picture of a single bird is allowed (no trios etc).
- Photoshopped pictures (other than cropped) are not allowed.
- Each bird may only be entered once.
- Each exhibitor may enter several birds in every Class.
- The background of the bird should be neutral coloured.
- A common object has to be placed in the picture with the bird in order to judge the size and proportion of the bird.
- Entries are free.
- Prizes: bragging rights.
- The bird must be in your possession.
- You must be registered member at PTO to submit your entries (registration is free)

Detailed Instruction Guide:

1. Navigate to   ☗ PTO index ‹ Online Show ‹ Online Shows ‹ Winter 2018
2. Create a New Show Entry
3. Fill out the following form by clicking the appropriate buttons

Exhibitor Info	What best describes the age of the owner of the bird? Not the age of the bird! Anyone entering below the age of 16 is considered a youth.
Bird Type	Select the bird type from the available entry options. Please note: unfortunately in this show, we don't have a class for pigeons.
Gender/Age of your bird	Select the gender and age of the bird. Only single bird entries are allowed in this show. Birds over the age of 12 months are considered adults i.e. cock/hen etc. Less than 12 months young birds i.e. cockerel/pullet etc.
Breed	Put the breed of your bird here eg. Plymouth Rock, Chinese, Runner. If you are entering a Turkey please put Turkey here, if a Guinea Fowl please put Guinea Fowl.

Variety	Put in the variety here eg. Barred, Columbian, Brown, Buff etc. If you are entering a Turkey please put eg. Bourbon Red, Slate etc. for a Guinea Fowl eg. Pearl.

4. Add your picture to the entry.

 Click on the *Add files* button in the tab *Attachments* and browse to your picture to upload. It will begin to upload and you can check progress on the status bar at the right. When complete a button will appear saying *Place Inline*. Note: These instructions are for a PC.

5. Do not Submit yet! Review your submission before submitting. You should see that your exhibitor number has filled in automatically. This will remain the same for all your entries, take a note of it and enter it in your records. If you use the *Preview* function make sure you do changes in the form section only. All others are going to be deleted. Also, all captions with the picture are going to be deleted.

6. Once you are sure all the information is correct and you have double checked that the picture is correct, click on *Submit*.

7. After your entry is submitted the Show Secretary will change the post author from your name to one of theirs. This will mean that the entry has been received successfully. At that time you also won't see the entry anymore.

You will need to fill out this form for every bird you enter.

modern17 is our only judge. His ruling is final! The time it takes him to review all entries depending on the number of submissions. We will keep you updated to his progress and expected publication date. modern17 will also attempt to comment on the majority of the entries in an effort to further breeding plans. Do not take the comments personally, they are only meant as constructive criticism and improvement suggestions.

After judging is complete, the show entries, comments and winners will be made public. modern17 will be available for clarification questions and tips as his time allows.

If you have any further questions, please ask our show secretaries:
